Hard track

Starting from the Esplanade, Pallarenda, this walk takes you to Mount Marlow via the Many Peaks Track, visiting Tegoora Rock along the way. Then, you'll pass by the Bald Rock and loop back via the Lagoon Trail. Expect a varied gradient and interchanging scenery as you make your way through the woodland. Speaking of, keep an eye out for the gorgeous maidenhair ferns along the track. The views from the viewpoints are exceptional and worth the effort for many. If they don't cut it for you, the amazing birdlife in the area may just will. Although Many Peaks Trail is mostly shaded, the Lagoon Trail is quite exposed. Sunscreen, a hat and mozzie(mosquito) spray may come in handy. Decent hiking shoes with ankle support are recommended. The track may be extremely overgrown in parts, turn back for your safety if so. Watch out for snakes. Let us begin by acknowledging the Traditional Custodians of the land on which we travel today, and pay our respects to their Elders past and present.
