This walk follows the coast southward from the end of Cape Solander Drive, along the Cape Baily Track. Exploring a number of gaps, sand dunes and hanging swamps; it also visits a light house. As it rounds the headland and winds down to the beach at Boat Harbour Aquatic Reserve, take your time and enjoy the panoramic views over the pacific. Let us begin by acknowledging the Dharawal people, Traditional Custodians of the land on which we travel today, and pay our respects to their Elders past and present.

**Getting started:** From the end of Cape Solander Drive, this walk starts at the big signpost just to the left of the toilet building. The track heads south along the cliff line (ocean on the left) following the green poles until they stop, then the track continues along the top of the cliff line (staying safely back from the very fragile cliff edge). This section is mostly on sandstone and occasionally through low heath. As the track approaches Tabbigai Gap, it joins onto Cape Baily Track where the track turns left and continues south for 50m until the apex of Tabbigai Gap and the management trail.
