Moderate track

Starting from the corner of Hall and Hoskins Streets in Hall, ACT, this walk pivots around the Gungahlin District, exploring the various hills and woodlands of northern Gungahlin. Going through the Mulligans Flat and Goorooyaroo nature reserves, the route finishes at the dirt parking area near Horse Park Drive, east of Harrison(suburb). This hike through nature can be a great way to spot some rare animals, since it goes through two nature reserves filled with wildlife. You'll run across echidnas and kangaroos all over the area, with a chance to see a shingleback lizard in warmer months. Although, don't miss out on the birds and butterflies looking for that shingleback. There'll be many moments where you'll just want to stop and admire the panoramic views over northern Canberra throughout the journey. You can also make this a multi-day trip by spending the night at the Northern Border Campsite. Let us begin by acknowledging the Traditional Custodians of the land on which we travel today, and pay our respects to their Elders past and present.
