Return

This is a good walk on a hot day. This walk leaves Muirs Lookout and descends through healthy blackbutt and blue gum forest to find a moist rainforest of ferns and mosses. A quiet sit and picnic within the rainforest would be lovely. This walk returns the same way you have come. Let us begin by acknowledging the Darkinjung & Guringai people, Traditional Custodians of the land on which we travel today, and pay our respects to their Elders past and present.

Getting started: From Muirs Lookout and car park, this walk follows the track moderately steeply downhill, passing a 'Muirs Lookout Walking Track' sign(on your left) and walking between timber posts. Then this walk continues to follow the track through blackbutt and bluegum forest for about 800m, until coming to a No.16 timber post and moist rainforest gully.

Start heading along *Muirs Lookout Walking Track*.

Find the toilet at the start.

🥞 📕

Muirs Lookout on Prickly Ridge Road, in the Jilliby State Conservation Area, offers scenic views from Lake Macquarie to Tuggerah Lakes. The picnic area is supplied with fireplaces, firewood, picnic tables, toilets and water (treat water before use - water maybe unavailable). The lookout is surrounded by blackbutt and bluegum trees. After another 660 m come to "Rainforest at No.16 timber post".

At the No. 16 timber post (along the Muirs walking trail), you are in a beautiful rainforest gully surrounded by a lush moist forest of cycads, ferns and mosses, with towering blackbutt and bluegum trees above. This cool moist spot is a great place to spend time on a hot dry day.

Turn around here and retrace the main route for 680 m to get back to the start.
